

CCC Heep Woh College
Form 4 / 5 / 6 Chemistry
Life-wide-learning reflection

Name: Lau Man Kuen (14)

Class: 7 (S)

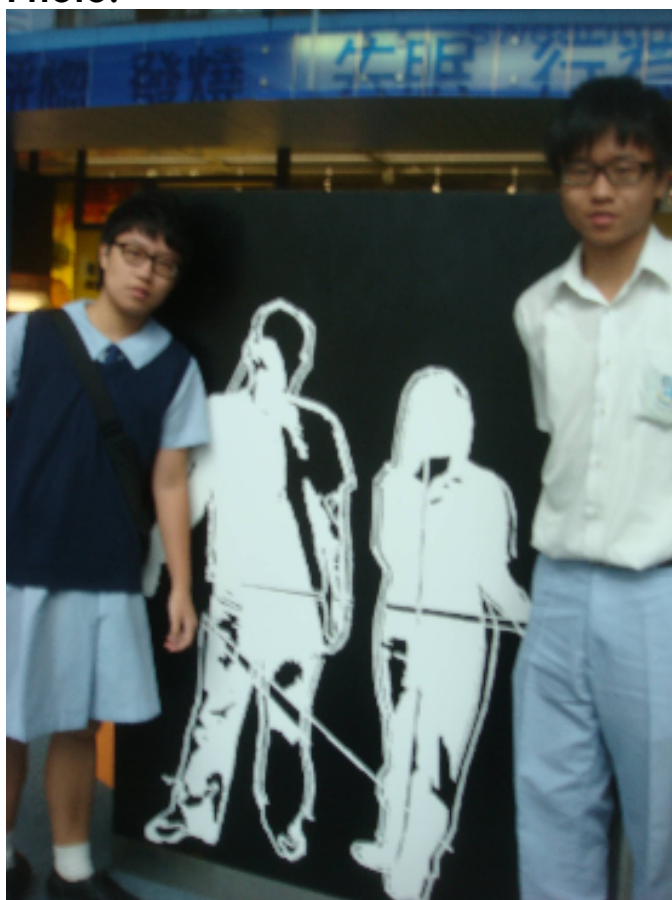

Activity: Visit The Hong Kong Jockey Club Drug InfoCentre

Date of visit: 6-10-2010

Reflection:

After the visit, I have learnt about the content, the use and the effect after taking of several kinds of drug. It warns me not to try abusing drugs. The most impressive part to me was a real story told by a mother of a drug taker in an exhibit, it was really touching. This visit lets me know about the influence brought by drug, it is very meaningful.
