

2012-2013 1st Life-wide Learning Day (5X)

Class	Name	Photo	Description
5A	Chan Kwong Nai		<p>On the left, there're factors leading teenagers to smoke, such as families and friends. On the right, different drugs are shown with their properties and drawbacks.</p>
5A	Cheung Tsz Chung		<p>The drug information centre provides a lot of useful knowledge about the negative impacts and serious warning about each drug. It brings out the most important message of "never take drugs"</p>

5A	Kwok Ka Lok		<p>Description: There is a lot of information about the negative impacts of taking drugs. It is effective to prevent teenagers taking drugs. The guide is sincere to tell us taking drugs is harmful to us.</p>
5A	Wong Yeut Ching		<p>The drugs showed above are named as MDMA, which are commonly found at clubs, raves and parties. They are one of the most popular drugs among young drug abusers.</p>

5B	Poon Chun Kiu		<p>This photo shows the common way of using hemp. People usually wrap the hemp in a piece of paper and burn it, like smoking. However, it is longer and thinner than ordinary cigarette.</p>
5C	Lai Yee Man		<p>It is a drug called Cannabis sativa, which make people addicted. If we try the first time, we cannot stop ourselves easily.</p>

5E	Chau Iris		<p>In the photo, several games are installed in the computer. It talks about the drawbacks of taking drugs, for instance increasing frequency of excretion.</p>
5E	Cheng Chun Lok		<p>This photo is showing a game called "尿頻搏命走". This drawback of taking drugs is really unbelievable. The drug abuser in the game need to find a toilet in a short time. Finally, i lose in the game. Incontinence occurred. Taking drugs is a very stupid decision.</p>

5E	Lo Wai Cheung		<p>We went to the Drug Education Centre in life-wide learning day. This photo shows one of our activities: playing games to learn the bad effect of taking and abusing drug.</p>
5E	Tang Chi On		<p>The name of drug in the photo is Ecstasy and it is usually used when dancing or in party as it will make people exciting .One of the harmful effect is causing death due to overheat or lack of water of the body.</p>
