WONG TSZ KIN

Cannabis can be taken by using a hand-rolled cigarette which is mixed with tobacco. Taking cannabis will have paranoid thoughts.

YU SHING HEI

This graph shows that the number of people taking drugs is divided by the age group. We can find that people aged under 21 have a large proportion. It means that the problem is very serious among the younger.

YUEN HOI YAN

Many people have misleadingly thought that they can control themselves and not become addicted to drugs. That is totally wrong. Some of them think that Cannabis causes less harm to the human body, however now I know that it is as harmful as other drugs. It can cause many fading diseases on us too. We should not overestimate ourselves on drug abuse and pay attention to any news about drugs to protect ourselves.
